

Please enjoy walking, running even cycling round our Advent windows, we hope they will brighten your Christmas.

As the windows are lit each evening between 4-10pm during December we hope you find in them a message of hope and love brightening up the village, reminding us of the joy of Christmas.

We hope you will not only enjoy looking at the windows but that you will be inspired to decorate your own window so that across Greenmount we celebrate this Christmas together with light and joy.

We are grateful for the support of local businesses, please give them your support.

Greenmount Church & Community

Advent Windows 2021
