

Bring your bike for a **FREE Bike Safety Check** with UCC

on Saturday March 12th from
10.30am in the Old School Yard

Checks include tyre pressures, adjusting brakes and gears, minor mechanical adjustments, or questions on how it's done! Can include basic repairs such as brake or gear cables, brake pads, etc.

Repairs that cannot be completed on the day - a report can be provided and used to book in at your local repair centre or with UCC. There is no pressure to commit on the day.

The aim of the project is to improve general bike condition, reliability and ultimately safety of those using roads. The hope is to give riders the confidence to attempt repairs themselves once a process has been explained to them.
